
KZX ENGINE SOFTWARE LICENSE & EULA

SOFTWARE LICENSING:

The KZX Engine is covered under a proprietary based license. This means that the software is NOT Open-Source or a free modifyable software, This license DOES allow modifications on the software from the end-user to a certain extent with permission from the software author. The end-user of the software is in NO WAY allowed to resell or commercialize the licensed software in anyway. This license ALLOWS the end-user to commercialize custom made assets and custom games made with the software without any other licenses or paid fee's. The KZX Engine Source Code is under a Non-Disclosure Agreement, this does NOT allow both the Software Developer's or the Related Thirdparty companies/partners to share or make the source code public. The KZX Engine is only downloadable or obtainable on the official website. People who download or upload the engine elsewhere is breaking this license which means that they break the LEGAL LAW. Action will be forced upon the uploader/illegal downloader IF the software author would find out.

THIS LICENSE PROHIBITS THE END-USER TO SHARE/MODIFY THE KZX ENGINE TO THE PUBLIC WITHOUT ANY LEGAL CONSENT.

MODIFICATION EXTENDS:

- CAN CHANGE SOFTWARE LAYOUT.
- CAN RENAME FILES (WITHOUT MAKING IT PUBLIC)
- CAN MAKE PLUGINS/ADDONS FOR THE SOFTWARE (CAN BE PUBLIC/SOLD WITHOUT THE LICENSED SOFTWARE).
